

IS YOUR LOVED ONE FACING A NURSING HOME STAY? IT'S NOT TOO LATE TO PROTECT THEIR LIFE SAVINGS.

If your loved one is preparing to enter a long-term care facility, chances are you're seeking solutions to protect their hard-earned assets. Long-term is expensive, with the monthly bill running upwards of \$8,000/month.

The reality is most can't afford this bill for too long, so they quickly drain what they have left. ***Fortunately, it's never too late to safeguard assets, even if your loved one is already in a nursing home.***

PLANNING BEYOND YOUR PRE-NEED CONTRACT

Purchasing a pre-need contract is a great first step to set aside a portion of assets for end-of-life expenses. The funds can be used to cover future funeral and burial costs, alleviating the burden on your loved ones. However, your loved one probably has additional savings to protect.

Allow me to help you secure an annuity designed specifically to accelerate your loved one's eligibility for benefits, while also protecting the rest of their assets from paying the care bill. With this innovative product, your loved one can pursue Medicaid eligibility and get the benefits they deserve
